Every story has a beginning, and ours starts here.

Between the two of us we share over 3 decades of experience in the hospitality industry, in both Australia and Italy. We've mixed it, kneaded it, baked it, served it, presented it, created it, taught it, consulted it, coordinated it, volunteered it and made sure the books balanced too.

Our food is made fresh, using *traditional* and *family recipes*, *quality ingredients* and a *pinch of love*. Many of the ingredients we use are also available for purchase should you feel the need to try or share.

We love to *cater* for any size *private* or *corporate function*, onsite, offsite or in the comfort of your own home. Our menus can be customised to suit your event and budget, from a romantic dinner for two, to a birthday cake and desserts, an office function or other celebrations.

We've also been known to throw the occasional fun and tasty *cooking class* with friends, team building and for special celebrations, for those looking to enhance their skills or something fun to do.

BuonAppetito
