

## LOLLI REDINI WINE LIST

*“One should always be drunk. That’s all that matters... but with what?*

*With wine, with poetry or with virtue, as you please. But get drunk.”*

*Charles Baudelaire, circa 1850’s*

*Curated by Leah Morphet – Jack or Jill of all trades at Lolli’s!*

*Our wine list has grown with us over the years, once consisting of a single page of randomly sourced bottles of plonk, into the plentiful & refined list we have today.*

*We are proud supporters of our local wine producers who have also come a long way over the years & you will always find locals on by the glass & bottle.*

*We also like to bring a good mix of wines from further afield and some museum wines for those who like to indulge a little!*

*Our list has notes for you to peruse when selecting & our food menu has matched wines with each dish, please don’t hesitate to ask your friendly waiters questions*

*Salut!*

*Please note an s typed after the price denotes a single bottle of this wine remains*
